

# **Criminal and Juvenile Justice Information Strategic Plan**

## **January 2015**

### **Mission:**

Serve as the state advisory group on statewide criminal justice information policy and funding issues.

### **Vision:**

Information is available and used to promote quality of justice for all Minnesotans.

### **Strategies** (each strategy will have an action/tactical plan with more detail):

- 1. Simplified and updated data practices that balance public safety and privacy rights, while allowing information sharing at the local, state and federal levels.**
- 2. Collaborative relationships with legislature, professional associations and other key stakeholders.**
- 3. Funding structure to support ongoing criminal justice information integration.**
- 4. Formalized technology education and innovation.**
- 5. Uniform criminal justice data and identification standards.**
